## All Steel Free Standing Sorting Station

### **140 Pocket** All Steel Free Standing Sorting Station

**Overall Size:** 84"W x 82 3/4"H with caster base

**Pocket Size:** 11-1/2"W x 3-1/2"H (adjustable) --- **Sorter Depth:** 15-3/4"D

This large capacity all steel 140 pocket sorting system is designed to handle heavy sorting and storage applications including standard mail sorting, the storing of literature & other promotional materials, tracking of orders, a temporary filing station for files and more. This large-capacity sorting station includes legal depth pockets with shelf size of 11-1/2"W x 15-1/4"D adjustable in height at 1/2 "increments allowing for great flexibility when configuring the sorter to best meet your specific needs. Letter depth pockets are also available.

Our sorters are formed and welded all-steel construction which exceeds industry standards for strength with a durable baked enamel finish. The system is available in the colors grey or putty. The caster base lets you move your sorter across the room or pull it away from the wall for cleaning.
