For more information simply call toll free at 866-654-4808 or E-mail [Mike@MikesMailroom.com](mailto:Mike@MikesMailroom.com)

These all steel tote sorters and mobile sort/transport carts maximize your tote sorting by going vertical & mobile. The stationary racks are available to support 16, 12, 8, 6, and 2 totes for the light sort applications. Our tote sorters are used to sort inter-office or first class mail, bulk sort for courier and oversized packages, inventory returns, . Shelves can be sloped for easy tote retrieval or flat for storage. Front 1-1/2" shelf lip captures tote and provides space for tote identification label. Back 5" shelf lip keeps totes in place for heavy package sorting. All steel construction easily bolts together upon delivery. Ships knocked down to save you freight. Light grey color. All totes shown are similar to USPS totes and are available here sold separately.
